Student Nutrition: Summer Breakfast and Lunch

Mansfield ISD Student Nutrition Services is excited to continue the Summer Feeding program to our great community this year! The Seamless Summer Option allows our district to continue normal breakfast and lunch service for students attending summer school programs and any student 18 years and younger completely free!

The nutritious meals for breakfast will include grains, fruit, and milk; and the meals for lunch will include protein, grains, fruit, vegetables, and milk. All children must select a fruit and/or vegetable, and all meals must be consumed onsite.

For more information, please contact MISD Student Nutrition Services at 817-299-6040.

Transportation

Transportation will be provided by for students in grades PK-8 who attending summer school programs. In late May, parents and students can find out which bus they will ride by going to www.mansfieldisd.org and clicking on the bus route locator icon. Once you are in the **Web Query** system, simply type in your street address and select your student's grade level. Once you have submitted, scroll down and click on the school and your student's summer school bus stop and bus number will appear. You may also contact Transportation at (817) 299-6060.

High School Summer School Course Offerings 2017

Summer School offers students the opportunity to take courses for Credit Recovery or Credit Acceleration. Courses are divided into two semesters. Each semester counts ONE half-credit. Students can sign up for either ONE half-credit course or TWO courses each worth a half-credit.

If a student needs to attain or regain credit for a full year-long course, the student would need to complete both semesters of the course.

High School Online Credit Recovery Course Offerings

Online Credit Recovery courses are designed for students who need to regain credit for classes they have previously failed. The courses are conducted online utilizing Odysseyware but students are required to attend daily classes at Summit High School during the Summer I Session (June 19th - June 29th) and/or Summer II Session (July 10th - July 20th).

(A is semester 1 and B is semester 2 for each course)

Math	English	Science	Social Studies	Foreign Language
Algebra 1-A	English 1-A	IPC-A	W Geography-A	Spanish 1-A
Algebra 1-B	English 1-B	IPC-B	W Geography-B	Spanish 1-B
Geometry-A	English 2-A	Biology-A	US History-A	Spanish 2-A
Geometry-B	English 2-B	Biology-B	US History-B	Spanish 2-B
Math Models-A	English 3-A	Chemistry-A	W History-A	French 1-A
Math Models-B	English 3-B	Chemistry-B	W History-B	French 1-B

Algebra 1-B	Spanish 1-B

High School Teacher Taught Acceleration Course Offerings

Teacher Taught Credit Acceleration courses are conducted at Summit High School in a regular classroom setting with a certified teacher and require students to attend daily during Summer I Session (June 19th - June 29th) and/or Summer II Session (July 10th - July 20th).

(Minimum class sizes must be met for acceleration courses)

Teacher Taught
Professional Communications I (one semester)
Health (one semester) (NEW)
Art 1-A (NEW)
Art 1-B (NEW)

High School Virtual School Acceleration Courses

Virtual School courses are online classes that provide students with the flexibility to complete course assignments as their schedule permits. These classes are **not** self-paced classes because a student may be penalized if he/she does not maintain a pace to complete the course in the designated timeframe. However, students may work ahead in the course and possibly complete the course before the designated end-date.

Students are able to access Virtual School courses 24 hours a day, 7 days a week. Therefore, Virtual School courses require students to come to campus only for midterm and final exams throughout the summer. Open Lab for Virtual School students to take mid-term and final exams is available June 12th through July 20th from 8:00 am – 12:00 pm at Summit High School with the exception of July 3rd – 6th.

Satisfactory pace is the daily pace required to complete the course by the designated end-date. Example: If the course is scheduled for 42 calendar days (6 weeks), then a student must complete 2.4% per day in order to complete the course on time. Pace is determined by a 7-day week and not the 4-day week for summer school. If a student does not maintain a satisfactory pace in the course, he/she will be required to attend Open Lab at Summit HS until a satisfactory pace is obtained.

High School Virtual School Acceleration Course Offerings

(A is semester 1 and B is semester 2 for each course)
