POS: Agriculture, Food & Natural Resources | Endorsement: Business & Industry

Wildlife, Fisheries & Ecology Management

Prerequisite: Any intro level AG course

Course: 1103CT Credits: 1 Length: 18 weeks Placement: 9-12

Course Description

Students enrolled in this course will be exposed to careers related to Wildlife, Fisheries and Ecology. The course will focus on game and non-game species and the environmental factors needed to sustain natural resources.

Student Activities

Activities for this course include plant and animal species identification at the Rendon property, fishing techniques, bow and arrow shooting, ecological reclamation, compass reading, and building aquatic species traps. Professionals employed in and individuals associated with a course-related career will be utilized to enhance this class.

Students in Wildlife will have an opportunity to be a part of the largest student-led organization in the nation, The FFA Organization. Through the FFA, the students will have the opportunity to participate in real-world competitions and leadership contests at the district, state and national level. These competitions allow students access to more than one million dollars in scholarships annually.

Competitions

Livestock Shows, Leadership Development Competitions, Career Development Events

Additional Considerations

AG classes travel to Ron Whitson AG Center and Arlington Animal Shelter during class. Students handle animals in class.
