**Trinity River East Campus
(TREC)
Center for Healthcare
Professions**

The Trinity River East Campus for Health Care Professions brings together nursing and several allied health programs that support the health care services industry, one of the fastest growing segments of the Tarrant County economy. Our fully accredited programs produce licensed professionals who are ready to enter the workforce.

Located close to the Fort Worth medical district, Trinity River East Campus partners with healthcare professionals to develop and strengthen their education programs.

& TCC-TREC**

The Partnership

The Health Science Academy is designed to provide Frontier High School students interested in the medical profession the opportunity to begin earning college credit hours in the Health Science Program at the TCC Trinity River East Campus (TREC).

The Program

The TREC Health Science Academy will provide students:

- * An academic curriculum that prepares them for entry into a college Health Professions Education Program.
- * A workforce certification in a health-related profession.
- * Access to courses that are conducted at the TCC Trinity River East Campus.
- * 42 college credit hours while meeting Mansfield ISD High School graduation requirements upon completion of the two-year program.

The Purpose

- * To provide additional opportunities for Mansfield ISD students interested in the Health Science field.
- * To support the healthcare services industry, which is one of the fastest growing segments of the Tarrant County economy.
